

# WORD OF MOUTH DENTISTRY

February 2, 2015

*Emily and her team at Lionheart CPR made learning both easy and fun! I was so impressed with her training approach with my dental office staff that I organized a return visit for the benefit of my entire professional building's owners and employees. Emily truly loves teaching, and clearly cares about her subject; she is very knowledgeable and made sure that everyone left her session with a solid understanding of emergency response. I will definitely utilize her services in the future, and continue to recommend her company to other health professionals.*

Sincerely,

A handwritten signature in black ink, appearing to read 'K. Montague', with a long, sweeping horizontal line extending to the right.

*Dr Kenneth Montague  
Owner, Dentist  
Word of Mouth Dentistry*
